

TOWN OF Herndon

DEPARTMENT OF PUBLIC WORKS

Three Draft Concept Plans for the proposed Herndon Parkway/Sterling Road Intersection Improvements have been prepared by a consulting firm to provide improvements to this intersection. The Department of Public Works is interested in your comments and opinions.

Of the concepts presented at the Dec 4th meeting, which do you prefer? (CHECK ONLY ONE)

	Option L4: On northbound Herndon Parkway, convert the middle through lane to a left turn only lane. Resulting lane configuration is dual left turns and a shared through-right.
	Option L3: Adds improvements to Option L4. On southbound Herndon Parkway, convert shared through-right lane to a right-turn only lane. Resulting southbound lane configuration is right-turn, thru, left-turn lane.
	Option L1': Adds improvements to Option L3. Resulting eastbound lane configuration is free flow right, thru, and left-turn lane.

Please list reasons for choosing your preferred alternative:
